

## MR. TAFT IS ELECTED

### Carries Nearly All the Doubt- ful States.

### NEW YORK 191,000

### Ohio, Indiana and Wis- consin Are His.

### Connecticut and New Jersey Big Republican Vote.

### MARYLAND REPUBLICAN TOO

### The Next Congress Will Be Strongly Republican.

Mr. Taft has been elected President by a plurality which will hardly fall below Mr. Roosevelt's in 1904. He has carried all the doubtful States except Nebraska, where the contest is very close. In this State Mr. Taft's plurality is 191,000, and he has carried Greater New York by a small plurality.

In New Jersey Mr. Taft's plurality may exceed Mr. Roosevelt's. The State is Taft's by probably 50,000. The returns from Maryland indicate that Taft has won the State by perhaps 5,000. Ohio and West Virginia, which had been classed as doubtful, have been carried by the Republican candidate Wisconsin, considered a debatable ground by Democratic managers, is for Taft by 50,000. Minnesota is overwhelmingly for Taft, about 100,000. Gov. Johnson is re-elected by 35,000. In many of the Southern States the Democratic pluralities fell off.

Gov. Hughes has won over Lewis Stevenson in Greater New York was away below expectations. Up the State Gov. Hughes ran far behind Mr. Taft but will come down to the Bronx with enough of a lead to secure his victory. Hughes has about 71,000 plurality.

The New York Legislature will continue to be Republican by a large majority, insuring the election of a successor to Senator Platt.

Massachusetts has been carried by Taft by about 150,000. Mr. Bryan carried the city of Boston by 22 votes. For Governor Draper is successful by 70,000.

In Connecticut Mr. Taft's plurality is 38,000, it is estimated, somewhat less than Roosevelt's four years ago.

The returns from Rhode Island indicate that it has gone for Taft by 10,000.

New Hampshire's plurality for Mr. Taft will be in the neighborhood of 20,000.

Maine has declared for Mr. Taft by 35,000, approximately what Mr. Roosevelt received.

New Jersey surprised even the Republican prognosticators, and is in the Taft column by 60,000.

Mr. Taft is successful in Maryland by a small plurality. The Republicans claim it by from 5,000 to 10,000. The returns indicate the correctness of the former figure.

Mr. Bryan carried the solid South, the reports indicating that the negroes in some of the States, Georgia for instance, voted for him in large numbers.

In the middle West Mr. Bryan did not make the running his managers expected. Illinois gives Mr. Taft a plurality of at least 75,000 and Gov. Deneen wins over Adlai Stevenson by an estimated plurality of 20,000. Mr. Taft carried the city of Chicago by 10,000.

In Indiana the reports at 2 o'clock this morning indicate that Taft has carried the State by 8,500 it is estimated. Thomas R. Marshall, the Democratic candidate for Governor, is elected over James E. Wagoner by perhaps 15,000. In Allen county, where Indianapolis is located, which gave Mr. Roosevelt about 12,000 four years ago, Mr. Taft beat Mr. Bryan by 12 votes.

Ohio, according to the returns received by THE SUN has gone for Taft by a safe plurality, but the race for the Governorship is close. Judson Harmon, Democratic candidate, was claiming his election at midnight over Gov. Harris. Michigan rolled up the usual Republi-

can plurality. It enrolled in the Taft column by probably 125,000.

Minnesota provided another old time Republican landslide plurality, about 150,000, according to incomplete returns up to this hour.

Missouri furnished one of the tightest contests anywhere in the country. Bryan is successful in that State by less than 5,000, according to the early returns.

Nebraska at the time this edition went to press is claimed by the Democrats by 15,000, although the Republicans insist that the result is still in doubt.

Colorado's plurality for Mr. Taft will equal what it gave Mr. Roosevelt four years ago. Generally in the Pacific Coast States the Republican pluralities are imposing, although in most cases a little below the Roosevelt figures.

Iowa went Republican by about 40,000. Kansas leaned to Mr. Taft by 20,000. Idaho is Republican by a small plurality. Nevada is Democratic by perhaps 2,000.

In Kentucky, where the fight was hot, there was a Democratic gain over four years ago. Mr. Bryan has carried the State by an estimated plurality of 10,000.

Oklahoma gave Mr. Bryan a sizable plurality.

The latest returns from Pennsylvania indicate a Republican plurality on the national ticket of 250,000. Delaware is for Taft by perhaps 2,500.

The pluralities in the city of New York, indicated by the latest returns are: For Taft, 100,000; for Chanler, Dem., for Governor, 60,000. New York county gives Bryan 8,700 plurality and Chanler 50,000, and Kings gives Taft 20,000, and Chanler 4,000.

TAFT 200,000 IN ILLINOIS.

Deneen May Have 50,000—Stevenson Makes a Great Run.

CHICAGO, Nov. 3.—Incomplete returns at midnight indicate that Gov. Deneen has been re-elected in Illinois by a plurality of from 40,000 to 50,000, while Judge Taft has carried the State by more than 200,000. Gov. Deneen has run about 150,000 behind the national ticket and nearly that number behind the rest of the State ticket. Stevenson has carried Chicago, on the face of the incomplete returns, by about 12,000, but Gov. Deneen's lead in the country towns of Cook county probably will cut that down considerably.

Taft's plurality over Bryan in Cook county will be between 60,000 and 75,000. The indications are that he will carry the down State districts by from 100,000 to 125,000. The Taft landslide has swept Gov. Deneen into office, despite the fact that he was out badly, not only in Chicago and Cook county but in every county in the State.

The returns at midnight do not show a county or hamlet in the State where Gov. Deneen ran up with either the rest of the State ticket or the national ticket. In some of the large Republican counties in some of the State Gov. Deneen's plurality is about half of the Taft plurality. Stevenson ran ahead of his ticket in every county in Illinois, making a phenomenal showing in Cook county against the tremendous Taft vote.

Practically complete returns from twenty-six of the 101 counties out in the State give Deneen a net plurality of 19,670. At this rate his net plurality out in the State would reach about 50,000.

At midnight the Democratic State managers refused to concede Deneen's election. They declared that the counties heard from were mostly Republican and that when the Democratic counties began to vote in they would wipe out most if not all the Deneen lead down State.

Roy O. West at the Republican State headquarters said at midnight that his figures showed Deneen elected by 50,000. He sent a telegram to Judge Taft in which he gave him the State by 200,000 plurality.

## HUGHES SAVED BY TAFT'S BIG VOTE

### Chanler Makes Gallant Run, But Governor Wins by 71,000.

### TICKETS SPLIT ALL OVER

### Many Voters in City and Coun- try Alike Disregard Their Party Lines.

### Hughes Develops Surprising Strength

### In Greater New York—Chanler Gets Unexpected Support in Rural Coun- ties. While His Plurality Falls Below Predicted Figures in This City

### Scratched Ballots Deny the Count and Make the State Returns Slow.

Gov. Charles E. Hughes was re-elected yesterday by a plurality estimated at 71,000, as this edition of THE SUN goes to press.

Chanler, the Democratic candidate, ran ahead of Bryan in all parts of the State, but was not able to overcome the strength imparted to Hughes by Taft and the national ticket. Shearn, Independence League, drew strength from the Democratic ticket too.

The pluralities by counties are:

New York State Pluralities for President.

| County             | Taft           | Bryan         | Rep.           | Dem.          |

MARYLAND IN DOUBT.

The Republicans Claim the State by 5,000 and the Democrats by 2,500.

BALTIMORE, Nov. 3.—Taft carried Baltimore city by a plurality of 2,000, after one of the most hotly contested elections in the history of this municipality. The total vote cast will approximate 100,000 out of a registered vote of 116,000.

The Republicans elected their Congressman in the Third district, Mr. Kronscher, winning out by 311 plurality over Congressman Wolf. In the Fourth district Mr. Gill succeeded in defeating Capt. Hill, who made a gallant uphill fight, facing a Democratic majority of more than 4,000. This he reduced materially. Gill's majority is 1,200.

The Fifteenth and Sixteenth wards, forming part of the Second district, did not do as well for Mr. Garrett as they did two years ago. He received here only 300 plurality, as against nearly 800 in 1906. Mr. Talbot carried this county by 2,000 and is re-elected. Mr. Mudd, on the other hand, improved on his vote.

The wards in his district went against him by over 500 the last time he ran, whereas this time he fell short less than 200. This he more than made up in the southern Maryland counties.

The first returns indicated a much larger Republican majority in the State than the returns subsequently showed, the first thirty precincts indicating a sweeping Taft victory. Later, however, the Democratic strongholds began showing pluralities which cut down the advantage held by the Republicans. Again some of the Republican wards which were expected to make a better showing fell down in precincts in which Taft was regarded as a sure winner.

Returns from other parts of the State came in slowly.

The indications are that Jackson (Rep.) is beaten in the First by Corning (Dem.). The delegation will stand 3 Democrats and 3 Republicans, as now.

The State is claimed at Republican headquarters by 5,000. At Democratic headquarters the State is claimed for Bryan by 1,500.

SURPRISE IN TEXAS.

Republican Candidate for Governor Runs Well—Bryan Carries State.

AUSTIN, Tex., Nov. 3.—It is estimated that the total vote cast in Texas to-day did not exceed 900,000. Bryan has carried the State by probably 180,000 over Taft. The most surprising feature of the election is the phenomenal vote cast for John N. Simms, Republican candidate for Governor. The count is proceeding slowly, but enough is known to show that he has carried all of the larger cities and many of the more populous counties of the State.

Austin, San Antonio, Dallas, Waco, Houston and Beaumont gave him big majorities.

But late returns show that Campbell, the Democratic candidate, wins by a small margin. All the Democratic Congress candidates are elected.

TAFT CARRIES IOWA.

His Estimated Plurality Is Placed at 40,000 Votes.

DES MOINES, Iowa, Nov. 3.—The indications are that Taft has carried Iowa by a plurality of 40,000. He carried this city by 2,550. The first returns showed Bryan gained, but they did not continue.

The issue here was complicated by local conditions, the fight between the Cummins and the anti-Cummins people being very bitter. The result of this side contest is still in doubt.

It is believed the Republicans have elected every Congressman, N. E. Kendall defeating Dan Hamilton, the present Democratic member from the Sixth district.

The result of the Senatorial primary is not in report, but it seems that Gov. Johnson has defeated ex-Congressman John A. Lacey by 25,000.

CONNECTICUT 35,000 FOR TAFT.

Lilley Elected Governor by About 16,000 Plurality.

HARTFORD, Nov. 3.—Taft carried Hartford by 1,580 and Lilley, for Governor, by 242. New Britain gave for Taft by 1,784 and gives Lilley a plurality of 1,248. New Haven county gives Lilley a plurality of 363. The county was expected to give a plurality for Robertson, Lilley's opponent for Governor. Waterbury, Lilley's home, gives him a plurality of 1,300.

Practically complete returns give Taft a plurality in this State of more than 88,000. Split tickets have made the count in New Haven slow and tedious, but Robertson, Democratic for Governor, leads Lilley in that city by about 3,000, while Taft has a plurality there of something over 1,800. Lilley runs far behind Taft through the State, but he will win by between 16,000 and 17,000, probably by less than 35,000. He runs more than 20,000 behind Taft.

WYOMING IN DOUBT.
